Automatic translation — only to convey the meaning. The song is sung in: ru.

A step to the unknown, a step into space.

I feel the road with my skin. I go

With hope and with faith, afraid as I go,

I don't turn back, I go to meet it.

chorus

How many doubts have passed me by,

How many times the heart has burned,

With fruitless fears while wide awake,

Only the waking world keeps us going.

It beats like a heart, the fire of dreams,

Gently and tremblingly warms. At times

Again and again it rises in waves,

In colours so bright above the water.

chorus

interlude

chorus

A moment of sadness came and went,

The old and the new are now all one.

The masks are thrown off, no falseness left -

I'm holding my ticket firm in my hand.
